RE: Georgetown Steam Plant

Dear Mr. Flores:

We appreciated the opportunity to meet with you and Lilly Tellefson last week regarding appropriate access and/or the acquisition of the flume area serving the Georgetown Steam Plant.

As agreed, the Airport will research the ownership deed to Greely Street and if you would forward copies of all contamination studies and reports you have in your files, our legal department will review them so that we can determine whether or not we wish to pursue acquisition of this site.

In the interim, the non-profit Steam Plant Museum group will continue to coordinate with King County Airport Police for accessing the site off 13th Street as they have been doing.

Thank you for your cooperation on this project and if I can be of assistance please feel free to call me at 296-7420.

Sincerely,

Patricia B. Terrell
Leasing Specialist
